introduction.....

Under the leadership of three superintendents, the school buildings and grounds have seen many improvements. And since a school is no better than its equipment, we should not forget the many purchases of materials and machines which the school has added to help facilitate modern teaching methods. The houses on Adams and Monroe are gone and in their place is the new grade school play ground which was enlarged because of the increase in enrollment. Also, needed was the new grade building at the side of the high school.

Through the years, the yearbook has also seen many changes. It all began in 1903 when the Senior Class published a school paper known as "The Rustle." It was a paper-back edition containing no pictures. From that time, until 1924, it was published five times a year. In 1924, the first annual of M.H.S. was published under the title of the "Blue and Gold." This first annual was the stepping-stone for the annuals of the future. It contained a few pictures scattered throughout the book. It is interesting to note, also, that this was the year the present L. E. Kelly building was built and the first Ra Von Dramatics Club was organized. In 1929, the name of the annual was changed to the "Indianian." That annual, through the years, has seen many improvements, such as different type, more pictures with less copy, colored borders and type and engraved covers. Up until 1957, the annual was printed by an engraving process. Now in 1957 and 1958 a new process is used - photolithography.

In this, the "space age," the school shall continue to change to keep pace with a rapidly changing world. We know that the future generations to attend this beloved building shall hold high the honor, pride and high-esteem of "good ole Montpelier."

Foreword

The 1958 edition of the Indianian has been published with but one objective: to capture a year in pictures of student and faculty activities. We know that many realities are far too intangible to be printed or photographed, but perhaps we can bind together some of the friendships which we all hold so dearly in the spirit of this volume. If this book can retain some of the joys and pleasures of the year just gone, it will have served its purpose.

With these thoughts in mind, we proudly present to you your 1958 Indianian.

In Memoriam

Pop's Crossed the Great Divide

School man and family man
And friend to all was "Pop."
He gave himself in service;
He knew not when to stop.

It will be lonely for us.
We'll miss "Pop's" smiling face;
For he's been with us so long
And always at his place.

But his work is finished here;
He's crossed the Great Divide.
Yes, "Pop" has been promoted.
He's on the other side.

May 23, 1958

Dear Seniors,

Congratulations! Members of the 1958 Class of Montpelier-Harrison Township High School. Even though I have only known you through your senior year, it has been a pleasure.

Your past twelve years should have given you the necessary fundamentals of education. You have developed certain skills and mastered some of the principals of worthy living and worthy citizenship. We do more than wish you well. Great are our expectations as you move forward to ever new and widening horizons.

The field of success is not crowded. To get to the top you must first get to the bottom of things. A great sense of humor will help, and is a natural born twin to a great sense of faith.

So Seniors, grab a handful of rainbows today, and even when trouble, despair, and disappointment knock on your door, be like the teakettle - even when you are up to your neck in hot water - go ahead, sing. If you ever do get to the end of your rope, tie a knot in it and hang on.

If at any time in the future your school and I can be of service to you, do not hesitate to give us the opportunity of that service.

The best of success to all of you is my wish.

Sincerely,

Wayne Hays

This is Mr. Davis' second year as principal of the High School. Activities

34 Years of Tradition With Ra Von

The Ra Von Dramatic Club is the oldest club in school. It was organized in 1925, under the sponsorship of Miss Margaret George. At this same time, the L. E. Kelley Building was being built. The club has had three sponsors other than Miss Nelson and Miss Albertson, who were Miss George, Miss Taylor, and Mrs. Kershner. This club, through the years, has tried to promote better speech, furnish dramatic training, and to present plays for school entertainment.

A limitation of thirty members is rigidly held to by the club. All those wishing to join must have "try-outs" before they are accepted. At the first meeting of every year, the sponsors read the Ra Von constitution and the by-laws of the club. One very nice part of the year's program is the traditional Christmas party. A second party is given in honor of the graduating Seniors in the group.

The faculty members and students of Montpelier High School are very proud of the Ra Von Club, its members; and its traditions. We hope that it will keep its good standing and reputation for many years to come.

With this, the 34th Edition to come off of the press, has come the intention of the Indianan staff to put out the finest annual Montpelier seniors have ever presented to the students. It is the largest annual that has ever been published, excluding the counting of advertising pages. The annual staff has worked with the student body in mind; therefore, the pictures and articles are of special interest to everyone. Under the leadership of Mr. Coppock, new and clever ideas have been formed. The new advances in publishing methods used to print this book help to make the annual more attractive and interesting, as well as making the pictures clearer. This year the Indianan staff joined the National Scholastic Press Association. Montpelier Host Exchange Students

The students of Montpelier welcomed with much pride, two exchange students from Germany, Marianne Gruenvogel and Peter Erne. They crossed the ocean via steamship, arriving in Canada October 15 and then two days later in Montpelier. Marianne is living with the Braden family, and Peter is living with the Kershners.

The Ann Arbor-Washtenaw Council of Churches of Michigan sponsor the Student Exchange Program. The program provides for European Students to be in the U.S.A. for ten months, and American Students to travel to Free European countries to spend two months.

Marianne Gruenvogel is 18 years old, and has one sister. Marianne has taken six years of mathematics, also biology, world history, English, geography, religion, music, arts, sports, four years of French, three years of physics and two years of chemistry. She likes horseback riding and gymnastics. Marianne has worked in a hospital and trained in the St. John Ambulance course in Germany where she was president of the First-Aid Association. Her father, Henirich, is employed as a technical engineer. Marianne intends being a nurse or a welfare health officer.

Peter Erne is 18 years old. He has a younger brother. Majoring in mathematics and science, Peter has taken seven years of mathematics, biology, English, German, world history, geography, religion, arts, sports, six years of chemistry, and French. He has been president of his class for three years and vice-president for the same number. His father, Walter, works as a distributor in ball-bearings. Peter says he would like to be a civil engineer or a diplomat.

We are sure the community has benefited greatly from their visit and will regret their leaving to return to their country.

Schwelm

The city has a population of 36,000. It is near the industrial section of Germany where coal and steel are processed. It is in a hilly and thickly forested area. The people work mainly in iron and steel factories but there is a linen factory in the city. The teenagers have a nice, big, swimming pool to use in the summer, and the hills provide great bobsledding in the winter.

"Schwelm is a town you should come and see."

Pete Erne

"come out of the closet"

The play was based on the unusual activities and circumstances three girls encounter in a big city. The story is centered around the closet in the apartment shared by the young ladies. The closet was the scene of many mysterious and hilarious sounds and happenings. The landlady's strict desire to run a reputable rooming house closes her eyes to the activities carried on in her apartments by a counterfeiting ring. The boy friends of the young ladies learn of the counterfeiters thus exposing the "closet's secret."

synopsis

....Morning, Mom. And Aunt Lottie. Hiya, Harvard Boy!.....Aw, lay off!

The play, a comedy directed by Miss Virginia Runyon, was centered around a day's activities in the Allen household. The day was complicated by a mistake in the ownership of an adjoining city lot, a strange plan of elopement, and a badly constructed ladder. Tom Allen, the father, and the worried mother realistically portrayed their roles, while Leslie, the bride-to-be, capably characterized the part of the jilted and re-accepted fiancée of Bruce Hampton, who had trouble holding a job. Angela, the younger sister, and her girl friend Patsy, blithely planned their first dance during the day. Hal Allen and Dutch McCaffrey planned a new business venture which caused Hal's family consternation. Aunt Lottie, a spinster aunt, kept the situation lively and interesting. A city official put the Allens in hot water through some litigation concerning the lot on which Mr. Allen had built a work shop.

Wait! She's lost her false teeth! See?..

senior class play well received

Another performance showing creditable ability was presented Thursday night, October 31, at the high school when the Senior Class presented their play, "Room For the Groom" in the auditorium of the L. E. Kelley building. (Montpelier Herald, Nov. 7)

Why, of all the colossal nerve!!!!
You little shyster!....

Dad? Aunt Lottie? Do you like it? Tell me now.
Truthfully? What do you think?

Prom Features Cinderella's Ball

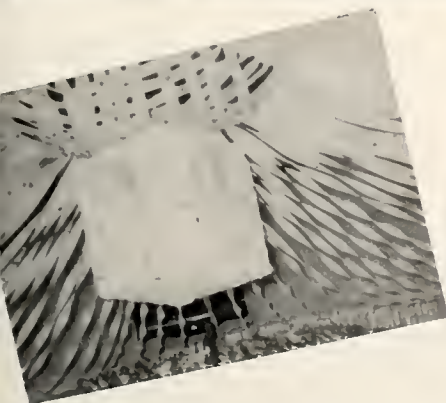

In May, 1957, another school year was ending and another Junior-Senior Prom was in progress. Preparations were begun early by the Junior Class to be sure that the Seniors would have a night to remember. The Junior Class worked very hard and long to achieve the "Fairyland" atmosphere which carried out the "Cinderella's Ball" theme during the evening. The theme was carried out in the decorations of the band stand and banquet tables whose centerpieces were made of flowers, candles and magic wands.

Included on the menu for the banquet, which was served by underclass girls, were "Magic Spell, Midnight Special, Fleecy Clouds, Moonbeams, Fairy Ferns and Cinderella's Dreams." Following, the banquet speeches were made by Mr. Wilson, Miss Rea and Miss Albertson. Mr. Davis was Master of Ceremonies. Attention was then centered upon the Cy Clupper Band which provided dancing music the remainder of the evening from a pumpkin-shell structure made of napkins stuck in wire mesh and sprayed with orange paint.

Suspended from the center of the ceiling was a square clock with the golden hands approaching the midnight. Star studded streamers were draped from the clock to the outer sides where they were let to dangle forming the walls.

Seated below are three "Cinderellas" waiting for their "Prince Charming."

As the hands of the clock approached midnight, the Cinderellas and Princes prepared to leave the dance and to proceed to the other festivities scheduled on the evening's program. They attended a theatre party, enjoyed square and round dancing as well as a floor show at the American Legion Hall, and were feted at a breakfast by the Kiwanis Club.

Senior Class Prophecy

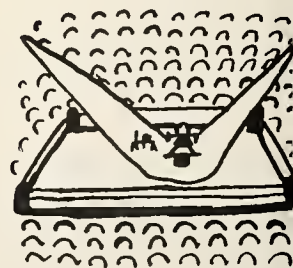

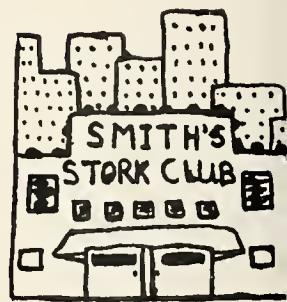

In 1968 several former members of the Class of 1958 were being featured in the annual Madison Square Garden Benefit Show in New York City. Since we were the sponsors of that Senior Class, we decided to attend this event and unite with our former students once more. So bag and baggage we left for the big city.

As we entered the plane at Indianapolis, stewardess Kathy Chick, took our tickets and seated us. The pilot, Charles Miles, reminded everyone to fasten his seat belt. Our plane was soon skimming over the mountains, and before very long, we had landed at La Guardia Airport in New York City. As we stepped from the plane, we were met by reporters and bobby soxers who were waiting to see the great singer Elvis Broccoli, whom we all remember as Howard Brock. The taxi cab, which was escorted by patrolman Joe Cale, was driven most efficiently by Don Schwarzkopf to the Blue Blade Hotel, operated by Marie and Miriam Gillette. We were ushered into the hotel by the doorman, Tom Armstrong. The hotel clerk, Dave Williams, cordially welcomed us and rang for the bellboy, Dwayne Grove. After getting settled in our rooms, we were served lunch by Bill Mattson and Don Williams. While eating, we watched Bob Albertson on T.V. who had recently taken over the former Bob Cummings Show.

We left the hotel to go to Madison Square Garden, and we met Mr. and Mrs. Frank Van Camp, the former Judy Pugh, on their second honeymoon. Farther on down the street we came across Randall Foy selling newspapers. On the way to the coliseum, we decided to stop at the famous "Smith's Stork Club" owned and operated by Dell. While we were waiting to be served our "Metchapllie Aflame" (prepared by the famous chef Tom Noller), we were entertained by the club's pianist, Charles Everhart. Featured in the floor show were the Misses Sharon La Hudson, Judy De Hart and Dena Led Bettier singing to the Cold Beer Music of Terry Forrester and his "Fantastic Fanatics." Leaving the club, we noticed Ann McCammon who had since graduation changed her name to Mrs. Bruce Nestleroad, checking her wraps with the hat check girl, Lois Allen. Once outside, we hailed a cab to take us to the coliseum. While on our way we passed Ray Storms pushing his fruit cart, also enroute to the coliseum. When we arrived there, we found, much to our surprise, Gloria Futrell in the ticket booth. We were then ushered to our seats by Ray "Tex" Love. Seated next to us were Mr. and Mrs. Twible, the former Vikki Fitch, and their six children. Presently the lights were turned down and the Master of Ceremonies, David Waters, stepped into the spot light to introduce Peter Erne and Marianne Gruenvogel with their world famous German flea circus, who presented a magnificent act. The spot light was next turned up into the air to feature the fine trapeze artists, Miss Nora Mae Glessner, and her partner, Dick Schwartzkopf, who received a great round of applause for their daring feet. Next on the program was Janet Bye and Jondajane Ford and their trained seals. They were followed by Charles Bales, the comical roller skating clown. We then saw Joe Parker and his assistant, June Smelser, step into the spotlight to demonstrate their juggling ability. The final act was performed by Frances Merchant, Nila Michael, Esther Hawk and Nila Pitts, "The Four Starlettes" on the high wire.

The show was very successful and the newspaper critic, Charles Hartley, was sure to give it a high rating. This trip proved to us that the CLASS OF 1958 had proven very successful.

Hoosier Hysteria Takes Over

When Hoosier Hysteria takes over, temperatures rise to a feverish pitch, second only to that caused by Asiatic-flu. The whistle blows, the season begins, and the fans face the season with anticipation. The enthusiasm of the crowd increases as the season progresses and the Pacers continue to chalk up win after win.

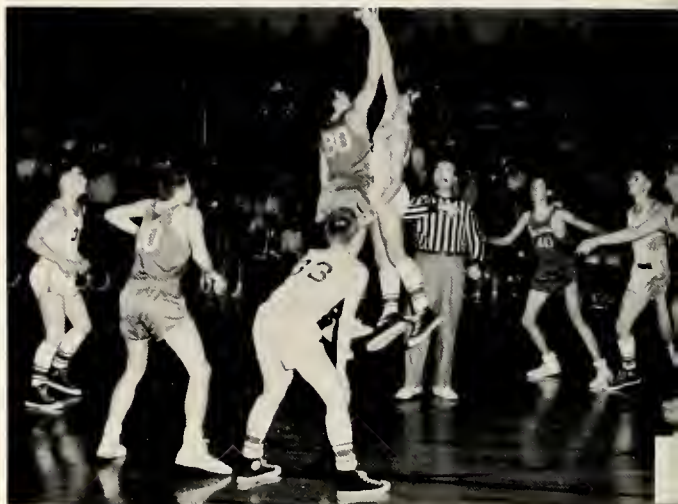

The paramount of excitement is reached as the tourney closes in, leaving the fans' hopes and dreams with the Pacer team for the all-important game.

In the picture below, we see Ed Kershner emphasizing the fact that the Pacers have already made plans for the use of that ball, and to be sure, Ed followed up in an action that granted the ready Pacers their wish. Final outcome of the game was 65 to 55, our win.

Varsity

This year's Pacer team played very fine ball. They were among the leaders in the Eastern Indiana Conference. It was a good defensive team as well as having fine shooting record. This year's team will be remembered for their ability and sportsmanship.

CHARLES HARTLEY was Johnny-on-the-spot and always around to help. He is a senior, and it will be hard to find someone to fill his shoes.

DICK BALES played his first year on the varsity. Since he is a junior, he will be around another year for the Pacers. Most of his action was on the second team.

DON SCHWARZKOPF was a regular for the Pacers, and a leading scorer. Being a senior, he will be missed greatly next year.

RODNEY BLACK didn't get to see much varsity action this year because of a broken ankle. We know he is looking forward to more time on the floor next season.

COACH CARL HONAKER produced a winning team again this year for 'Pelier. Montpelier is looking forward to many more teams just like this one.

ED KERSHNER was high scoring man in many games; we know he will give the visiting teams a great many headaches next year, with his rebounding and his sharp shooting.

RANDALL FOY saw limited action, but when called on he did his best in playing a good game for the Pacers. He is a senior, and he, too, will be missed.

DEWAYNE GROVE, who missed part of the season because of a very badly cut hand, became noted for his rebounding ability and is responsible for many points and assists. It will be difficult to fill his position at center in 58-59.

Basketball

DICK SCHWARTZKOPF started out his second year of varsity play slowly at first, but by mid-season had won a regular place as forward. He has helped the pacers out in many pinches with his shooting and rebounding ability and especially in the Adams Central game in which he spared the team to victory.

BILL ROBBINS was one of our better defensive players. He held many opposing high-scoring men back, and scored quite a few points for himself. He will be around next year to display his defensive ability.

JERRY OVERMEYER helped the pacers quite a bit this year. He is a sophomore and will be around for two more years to help keep the team in top shape.

MIKE INMAN played his first year on the team. He didn't see too much varsity activity but he played very well on the second team.

STEVE SCHWARTZKOPF has completed his first year on the team for the pacers. He has two more years to trouble the opposition.

DAVE WILLIAMS was one of our tall men. He helped the pacers in the tight spots with his sharp eye from the corners.

ASSISTANT COACH MODLIN helped shape the pacers into a winning team this year. We are looking forward to his help for many years. He also was the coach for the Freshman and Junior High teams.

TOM NOLLER completed his last year for the pacers. He played as reserve for most of the season. Mr. Honaker will be in need of another skilled guard to replace Noller for next season.

Varsity Top In Southern Division

The team had a very fine season this year, placing first in the Southern division of the EIC and second in EIC. We only lost one conference game all season, that was to Albany, 7 to 6. In the conference game against Roll we played 10 innings and won by one run. In the final game of the regular season we played Pennville which was the best game of the season, with the team making no errors. This game clinched the championship of the Southern division for us.

Our pitchers for this year were Don Schwarzkopf and Harry Meyers. Don had four wins and no losses. His most spectacular game was a no hitter against Chester Central. Harry had three wins and three losses. His best pitching feat was a 7 - 6 victory over Roll which went ten innings. The fine play displayed by the 1957 - 58 team will be long remembered in Montpelier. Pictured on the upper left is Ed Kershner sliding in home in the second game of the EIC play-off. Pictured on the lower left is Steve Schwarzkopf catching in the same game.
